

DOT Medical Clearance: TRANSIENT ISCHEMIC ATTACK

DOT Physical Exam Medical Clearance

Patient _____

Date _____

DOB _____

The above driver has presented for a DOT medical certificate to drive a commercial motor vehicle. Per Federal Motor Carrier Safety Administration medical guidelines, we ask for your professional opinion to determine if the driver is medically cleared to operate a commercial vehicle and that s/he meets the following FMCSA medical guidelines for drivers with a history of **TIA**:

FMCSA GUIDELINES FOR HISTORY OF TRANSIENT ISCHEMIC ATTACK

- A minimum 1 year waiting period following TIA
- No neurological signs or symptoms that interfere with the ability to perform the tasks of a commercial motor vehicle driver.

The demands of a commercial driver include loading/unloading heavy cargo, tarping trailers, coupling/uncoupling trailers, inspecting brake lines and putting on tire chains and require perceptual skills to monitor a complex driving situation and judgment skills to make quick decisions in addition to the ability to control an oversize steering wheel, shift gears using a manual transmission, maneuver a vehicle in crowded areas, enter and exit the cab frequently, and the ability to climb ladders on the tractor/trailer.
